

A ROYAL PROCLAMATION

To the Universal Commonwealth of Yisrael and the Nations of the World

THE HOUSE OF DAWID

The House of Dawid is the Royal House and executive jurisdiction of the global Church at Victorville, and a sovereign entity, as the Royal Executive Order of the Kingdom of Yisrael.

The Royal House serves as the foundational order of the Melchizedek Royal Priesthood, which comprises the Universal Church-Sanhedrin of the Kingdom of Yisrael, the Executive Council, and the rallying point of the global Kingdom Community.

The Royal House is specifically responsible for governance of the United Kingdom, as organized into local, regional and national Hebrew-reformed Churches, and para-Church organizations.

The Royal House speaks and acts on behalf of the Commonwealth of Yisrael, through the formal issuance of Royal Decrees, open Epistles, and other official Kingdom documents.

The Royal House shall be recognized under current international law, as a sovereign entity in and of itself, with which direct diplomatic relations can be maintained.

The Royal House rights and responsibilities, are derived from its YAH-decreed eternal order, as the pre-eminent governmental house, in the Hebrew Yisraelite Kingdom.

The Royal House was consummated, in the first century of the Common Era, with its restoration to Executive Power in Jerusalem, by Yahushua Ben Yahuwah Ha Mashiakh.

The Royal House was executed and adjudicated through the New Covenant Churches, by Ya'aqob Ben Yosef, our Savior's Royal sibling, and the 'Desposyni' -- the kinsmen of 'the Lord.'

The Royal House, as a sovereign entity, shall hold, and steward its Church at Victorville house headquarters, through the Kingdom of Yisrael Community Land Trust.

The Royal House, in collaboration with the community land trust, shall develop and steward a Kingdom City enclave in the High Desert, as a sovereign territory.

The Kingdom territory shall consist of temporary and transportable facilities, including executive residences, related businesses, global communications facilities, a Kingdom of Yisrael University and Library, an official Hebrew Yisraelite Artifacts Museum and Repository, and Kingdom administrative ‘chambers’ and ‘offices.’

The Royal House, as a sovereign entity itself, is comparable to the city-state it shall govern. That is, as the duly authorized Executive Power of the Kingdom of Yisrael, the Royal House shall collaborate with the Kingdom of Yisrael Ministry of State, to develop and maintain diplomatic relations with its fellow nation-states.

The Executive Power, officially vested in the House of Dawid, to rule the Universal Church-Sanhedrin of the Commonwealth of Yisrael, dates back to the first Year of Our Lord, of the Common Era.
