ROD OF IRON Broadcast

May 25, 2019 (Original document NLC document released: May 25, 2017)

At this perilous hour in human history, we as the faithful remnant of the Hebrew Yisraelite Kingdom are witnessing the culmination of our four-hundred-year captivity in America.

We're living in the post-season sign of the four blood moons, a 21st century re-appearance of the Bethlehem star, and an alarming new tolerance of unchecked terrorism against the household of faith around the world.

And the wicked practice of gentrification is literally pricing our people out of the supposed African American communities in the major urban centers across America.

Surely the hour has fully come, to establish a national witness in America, and before the world, to the Divine wisdom of the ancient kingdom landmarks our fathers have set.

My brethren, throughout our history, whenever our Hebrew Yisraelite forbearers went into captivity, they built separate and distinct communities, and thereby remained unified as a people. In truth, Hebrew Yisraelites were together in one place and one accord as a matter of national survival.

This is why the Pharaohs, Nebuchadnezzar's, and Hamans of antiquity were never able to fully disenfranchise our people as America has. Again, we as the set-apart children of YAH built our own communities in every captivity throughout our history, to maintain our people, and to preserve our culture. We must do so again.

Nevertheless, my brethren, we must no longer seek divine repatriation through earthly statutes - - whether those of the United States of America, the United Nations, the Israeli Knesset, or any other government or corporate entity. After all, the founding of these entities, and all nations, from a legal standpoint, are ultimately derived from the Torah Constitution given to our fathers.

Therefore, why would we as Hebrews ordain a pseudo-Constitution derived from our own Constitution? Are we Torah observant? Or are we yet following the nations???

According to Torah law, a new King, or Head of State, is required to inscribe his own copy of 'The Book of the Law' in the presence of the Levitical priesthood (Debarim/Deuteronomy 17:14-20); thereby re-issuing a Decree of Divine Executive Power in the Kingdom -- not a new man-made Torah abstract. Selah.

The truth is, creating a Torah-based national constitution is a non-Torah based concept. And doing so would only lead our esteemed elders to create yet another Hellenized set of

documents -- including the ancillary documents that are in fact necessary to establish order in the Kingdom.

For example, a national ‘Charter’ (which is a requirement under current International Law) defines an organization as a corporation or incorporated association. In essence, a charter is a grant from a sovereign power, creating a corporation, as was the case, for example, with the “Royal Charters” granted to the thirteen British colonies, preceding the ‘Declaration of Independence’ of America in 1776.

A corporation is, and always has been, a profit-driven instrument of the organization that grants it -- irrespective of its content. A constitution on the other hand, defines the organization of a government or governing entity (such as an unincorporated association.)

In essence, a constitution is an acknowledgment from a sovereign power, creating a sovereign government.

Therefore, an *unincorporated* Hebrew Yisraelite council must in fact be convened, and serve as a non-profit-based context for the emergence of a sovereign Kingdom Community in captivity.

Despite the obvious dedication and sincerity of Yisraelite nationalist leadership as a whole; ordering our steps according to the principalities and powers of this present world remains an affront to the Most High;

who has issued a divine decree from eternity, that in this final hour of our captivity, He alone will be recognized by the nations of the earth as the Almighty Elohim of Yisrael, and Melekh Ha Olam -- King of the Universe!

And so shall it be.

Hear O Yisrael – it is not enough for the nations to just read what we write and hear what we say. They must now see what we do!!

And again, we must no longer seek repatriation according to the worldly statutes of the United States of America, or the United Nations. Our diplomatic overtures must be, toward these powers, focused upon and limited to the forwarding of an *Indigenous Hebrew Yisraelite Land Reserve Initiative*; according to the presence of our fathers in ancient America; through the colonization and trade practices of Melekh Shelomo/King Solomon, in the 9th century BC (see 1 Kings 9:26, 2 Chr. 9:21.)

According to Article Four of 'The United Nations Declaration on The Rights of Indigenous Peoples' General Assembly Resolution 61/295'; adopted on September 13, 2007, which states:

“Indigenous peoples, in exercising their right to self-determination, have the right to autonomy or self-government in matters relating to their internal and local affairs, as well as ways and means for financing their autonomous functions.”

For the record: as a practical matter, the only viable 'wilderness of the people' or 'Zion' - meaning “a parched place” - in America is in the west. And from eretz Yisrael, the most remote geographical wilderness in the entire Western Hemisphere is the Mojave Desert; a vast and sparsely populated region, located primarily in southern California.

And in truth, the west coast of America is the furthestmost point of our captivity before our national journey back to the land of promise. Selah.

We, The Founding Fathers of The Kingdom of Yisrael Community Network, of the Royal House of Dawid, Under a Divine Mandate of The Eternal Power of Almighty YAHUWAH; Have Structured The Church at Victorville as a Non-501(C)3 Unincorporated Ministry Association; As a Legal Instrument to Help Facilitate the Founding of a Hebrew Yisraelite Kingdom Government in the Wilderness of America; as a Theocratic Constitutional Monarchy; By Acclamation of Yahudah and Yerushalayim; and Under The Royal Book of The Law as Our Royal Kingdom Constitution.

My beloved countrymen, The hour of our deliverance has come. Surely, the prophesied four-hundred-year sojourn of our people in America is soon to be fulfilled. The long night of our captivity is giving way to a glorious new dawning of freedom, justice and national redemption.

Let us come together, O Yisrael. Let us reason together ... And let us demonstrate before the world what will occur when a faithful and uncompromising remnant of the rightful and legal executors of the divine covenants, are gathered together in one place and in one accord!

It will be this witness -- and only this witness -- that will fully prepare Yisrael for the new mass Exodus to come; and will cause our Elohim to fully turn the hearts of our captors, and will inspire the nations of the earth to flow into Zion, just as it is written. Selah.

May the Grace, Mercy and Shalom of Almighty YAH be with us all.

YAH Khai v' HalleluYAH! YAH Khai v' HalleluYAH! YAH Khai v' HalleluYAH!
